EDUCATION

Foster School of Business, University of Washington, Seattle, WA June 2027

Candidate for Master of Business Administration(STEM) | Concentrations: Product Management & Finance

- Dean's Merit Scholar | Foster Tech Club, Strategy Club
- **MBA Strategy Consultant**, Pacific County Economic Development Council (Jan 2026 – Mar 2026)
Advised the PCEDC board on updating their 20-year economic development plan addressing Washington's declining timber/lumber industry. Identified cross-laminated timber and eco-forestry as priority growth sectors; delivered a 5-year short-term roadmap with ranked action items and KPI metrics.

University College of Engineering, Osmania University, Hyderabad, India. April 2018

Bachelor of Engineering, Computer Science and Engineering (First Class with Distinction) | Coding Club President)

EXPERIENCE

Ansemble AI, USA 2024 – 2025

AI-native operating system for indie artists to create, analyze, and market their music.

Founding Engineer

- Led **0-to-1** product development: translated founder vision into a shipped MVP, owned the full lifecycle (PRD, sprint planning, CI/CD, production release), onboarded **6+** artists, and secured **>\$500k** in seed funding.
- Designed and shipped LLM-assisted creative workflows with smart-versioning, using generative AI and real-time audio analysis to increase artist productivity by **70%**; defined success metrics and iterated continuously based on direct user feedback.
- Built an AI-powered data intelligence engine ingesting signals from **10+** streaming platforms (Spotify, SoundCharts) to surface GTM insights; enabled artist managers to make data-driven marketing decisions.

Oracle, Hyderabad, India 2018 – 2024

Technical Product Manager, Core Framework team

2021 – 2024

- Defined product requirements and led cloud-native migration of enterprise batch microservices to OCI Kubernetes, delivering **30%** reduction in client operational costs and **~20%** throughput improvement across the platform.
- Championed **2** customer-centric innovations through Oracle's global Pitch IT & Ship IT competitions; both adopted into the core product roadmap and scaled across **5+** dependent products, earning SVP-level recognition.
- Scoped and delivered a secure Oracle DB-to-OCI data export solution using parallel writes, cutting export times by **~25%** and unblocking adoption of OCI analytics features for enterprise clients.
- Redesigned customer dashboard UX by simplifying core workflows and adding intelligent default configurations, eliminating **~\$800k** in annual support costs and improving product NPS for enterprise users.
- Rebuilt developer onboarding curriculum with OCI/cloud modules across **2 years**, reducing engineer ramp-up time and reclaiming **~960+** engineering hours annually.

Product Analyst 2020 – 2021

- Delivered automation features reducing Oracle consulting teams' implementation effort by **~33%**, saving **~\$100K/project** and enabling faster client go-lives across DEV/TEST/RC/PROD environments.

Application Developer 2018 – 2020

- Mitigated **\$1M+** in annual platform risk by partnering with security leads to identify and patch high-priority CVSS vulnerabilities, reducing vulnerability issues by **80%** and achieving full cybersecurity compliance.
- Optimized CI/CD build pipeline from **6+** hours to **~4 hours**, saving **~1,200** engineering hours/year and accelerating on-prem product deliveries by **~1.5x**.

SKILLS AND ACTIVITIES

- **Product Management:** Roadmapping, Customer Discovery, Market Sizing, GTM Strategy, Competitive Intelligence, PRD & User Story Writing, Stakeholder Communication, RICE/MoSCoW Prioritization, A/B Testing, KPI Definition
- **AI/ML:** LLM Orchestration, Multi-Agent Systems, Prompt Engineering, RAG Pipelines, AI Evals, Agentic Frameworks (LangChain, CrewAI), Hugging Face Models, Generative AI Product Design
- **Certifications & Tools:** OCI Cloud Architect, Oracle AI Certified, Cursor/Copilot (Agentic Dev), Google AI Studio, OpenClaw, Java, Node.js, SQL, Python, Jira, Figma, Claude Code, LangChain, FastMCP
- **Interests:** Finance, Fitness, Hackathons, Math Enthusiast (State **9th** rank Math Olympiads, IIT-JEE **10k** ranker)
- **Awards:** Employee Recognition (FY22, FY24) & "Model the Mission" (FY23) team awards for product innovations.
